As Marquette's exclusive Continuum of Care Community, we provide diverse living options from Independent Living to Advanced Memory Care, prioritizing resident dignity through spacious accommodations and attentive staff.

Mill Creek is situated in the beautiful Harlow Farms Conservation Community, located in the heart of Marquette, MI, near the shores of Lake Superior. Our goal is that every resident at Mill Creek enjoys independence and the highest quality of life, health and well-being. We are proud to offer a variety of different living options.

Our dedicated team at Mill Creek assists with daily tasks, ensures balanced meals, manages medications, and fosters a welcoming environment for residents seeking companionship. With round-the-clock support, we empower residents to maintain their independence in a worry-free setting, offering peace of mind to families knowing our staff is always available to lend a helping hand.

Independent Living

Our independent living offers the perfect blend of comfort and convenience. Each home features a complete kitchen, laundry room, two bedrooms, one bathroom and a single car garage, all on one level. With services such as lawn care, snow removal and housekeeping, you can relax and leave the household chores to us. The onsite clubhouse, featuring a fully furnished kitchen and open meeting room, is perfect for gathering with friends over morning coffee and socializing throughout the day. Also enjoy the neighborhood pub and fitness room with access to trainers.

Assisted Living

Mill Creek's Assisted Living services are tailored to perfectly align with an individual's unique personal needs. Enjoy a variety of social activities or relax in the privacy of your apartment.

At Mill Creek, residents enjoy an array of wellness and personal care services. These specially designed programs offer seniors who can no longer live on their own opportunities to improve their health and preserve their independence.

Memory Care

For residents living with different forms of dementia such as Alzheimer's Disease, we develop an individualized plan of care designed specifically for each resident. Residents enjoy spacious, private apartments and services such as housekeeping, meals, laundry and personalized health care. We tailor our support to each individual's stage of life, ensuring their continued dignity, comfort and peace of mind.

Respite Stays

Our respite program is designed for individuals who need supervision and/or services for a short period. Respite stay services mirror all those offered to residents throughout our community. Respite is ideal for those who have a caregiver out of town, a spouse in the hospital, someone who needs additional recuperation time after a hospital stay, or simply to determine if assisted living is the right decision on a long-term basis. Our respite suite comes fully furnished and has all the comforts of home.

Hospice Services

Mill Creek Assisted Living can provide end-of-life services in our assisted living setting for individuals who may need hospice services. We work closely with hospice providers to deliver caring, compassionate services in a home-like environment.
